

CHANGING LIVES FOREVER

Who we are

Changing lives Forever (CLF) is a non-profit charity international development organisation that was set up to tackle poverty, homelessness, hunger and general human suffering across the United Kingdom and Europe.

As part of our commitment, CLF strives to break the cycle of poverty in the lives of individuals and communities through sustainable, long term solutions.

What we do

CLF aims to alleviate human suffering by offering a better and suitable alternative whilst changing the lives of people around the world without regard to gender, age, ethnicity or political or religious association. We distribute food, clothing, and basic living amenities to anyone who comes to the attention of the charity.

The charity support its existence by fundraising and donors' contributions.

Changing lives through Food

CLF aims to operate a food bank, and serve hot meals and cold meals to anyone who is in need. Through the food bank there will be systematic distributions of food parcels to the homeless and needy in the community. From time to time, tinned products and non-perishable items will be organised for communities overseas.

Changing lives through education

Our education projects are targeted at providing community education centres, libraries and facilities for schools and colleges. Also providing basic school supplies for children to support those attending schools.

Changing lives through empowerment

The foundation works with all communities and less privileged people with the aim of helping them realise their potential in the world and change the lives of others; and with your support, we have the potential to help them do it. From fundraising events to corporate donations, the foundation will ensure that every gift goes towards helping those who need it most.

Donated items are sorted and processed for distributions by volunteers, Postage rates vary depending on destination and are dependent on quotes from couriers.

Getting involved with CLF makes a difference to the lives of the people the organisation is working with. Each year the foundation relies on the generosity of the public to raise half of the funding it needs to carry out its work.

What can you do?

Our work is dependent, to a great extent, on private donations from faithful partners who have made the foundation their life's work. At the very foundation of relief and development, these donations develop entire communities, making life worth living for millions of people around the world.

Make your donation today and support CLF where the needs are currently the greatest.
